Programmable pneumatic glue pump

- developed for the pumping of glue in **labelling machines**
- **no leakage** because of special construction
- extremely **durable** and low-maintenance
- **integrated heating**
- **quick heating** up to the pre-programmed temperature
- **low pulsation** since the glue is conveyed upstroke as well as down stroke
- **low noise**
- great display panel of actual and set value
- **good exhaustion** of the remaining glue
- **no pollution** of the glue by labels or glass (prevented by a special double filter system)
- **simple handling**
- space-saving construction
- **new on the market** since year 2000
- important parts are made of **stainless steel**
